# SFCG TESTIMONIES

**Roger Sabio** | "The Daniel Dilemma" (Angel Fredeluces)

*This class taught me that when I trust God and stand firm in my faith in the way I live, He will protect and give me the strength I need to overcome the strong pressure of conforming to this culture and to be an influence on it, not a reflection of it.*

**Amanda Bussey** | "Killing Kryptonite" (Tim & Joni Pagud)

*I learned that the spiritual kryptonite that is weakening the church is idolatry. Because I do not worship a statue like other religions, it's easy to think that I don't have idolatry in my life. This class opened my eyes to the many seemingly innocent things in my life that are considered idolatry by God's standard. I am better equipped to spot those areas where I am prone to fall into satan's trap and take corrective action as necessary.*

**Eric R. Rooke** | “The Business of Honor”  
(Dr. Kore & Michelle Liow)

*This class should be a college requirement! So many in business get caught up in chasing the money that they completely lose sight of what’s most important - relationships. Employers, employees, co-workers, customers alike.... each one a Connection that truly is the most valuable resource; not their financial potential. Honesty is the foundation of any worthwhile relationship, and will grow into trust; which is essential to any company’s survival. This class is a must for all.*

**Jaclyn Ching** | “Loving Our Kids On Purpose”  
(Marge Tam)

*With grown children I wondered what I could learn from this class. I had an ‘aha’ moment when God revealed to me a relationship principle which changed the way I relate to my adult grandchild. Before taking this course, I would dictate **MY** solutions to whatever questions, life situations or problems he presented to me. I would say, “you should do this, you should say that, or let me take care of it.” I learned how to guide him to do the thinking for himself, powerfully equipping him to make good choices.*

*Jeff Kim, previous student of Angel Fredeluces' class, "The Daniel Dilemma"*

*Through this interactive class I learned of the impact of culture on my life and the power it can have to change me. Understanding how Daniel was able to overcome the influences of culture helped me learn how I, too, can be an overcomer and influencer of culture.*

## THE DANIEL DILEMMA

8:45 AM PRAYER ROOM ANGEL FREDELUCES

What was Daniel's dilemma? He was placed in a culture that sought to conform him to its beliefs and practices, but God had positioned him to stand firm as an effective and powerful influence over the Babylonian and Persian Empires. Yet he did this by loving well. He was God's agent for transformation. **You, too, have been placed you where you are so that you can be an influence on the culture and not a reflection of it.** In this class you will learn how:

- Present culture seeks to re-define who you are. How should you respond?
- Present culture wants to control your thoughts and divide your heart
- To respond with such an excellence of spirit and integrity of heart that the culture will have no choice but acknowledge your Father in heaven

**Come discover the secret of Daniel's wisdom and ability to powerfully impact his culture and society. You are the "Daniel" of today.**

# **KILLING KRYPTONITE**

(John Bevere video)

8:45 AM ROOM 102 TIM & JONI PAGUD

**Do you want to find out what is holding you back from victory, blessings and God's call in your life?** This is an eye-opening and life-changing class! Just as kryptonite made Superman weak when he came near it, this class will help to identify the "kryptonite" in your life and overcome it. You will learn these truths:

- Uncover areas of weaknesses in your life and overcome them
- Learn Satan's deceptive tactics and defeat them
- Many will be deceived in the last days. Don't be one of them.
- Be equipped with God's Truth
- Embrace the challenging but rewarding path of transformation

**COME AND BE SET FREE!!**

*Rose Cordes, previous student of Tim & Joni Pagud's class, "Killing Kryptonite"*

*This class is a MUST! The Holy Spirit revealed to me the spiritual kryptonite that was holding me back from God's blessings. Prior to this class, I would agree with daily negative workplace comments, which did not bring resolution or peace, just frustration. I learned to focus on Jesus when negative comments arose. As His peace surrounded me, those around were also affected by that peace. My foundation in God is firm and I want to shine His light and love to those around me.*

*Kaila Andrikk, previous student of the Liows' class, "The Business of Honor"*

*This was my first School for Christian Growth class and I loved it! Not only did I learn of what honor looks like in the workplace, but I also gleaned concepts that can be applied to every relationship in my life. This class enabled me to expand my connections within this church. God taught me about trusting others. I definitely plan to take more classes and would encourage anyone who is hesitant to take the risk and come!*

## **THE BUSINESS OF HONOR**

(by Bob Hanson and Danny Silk)

***How to bring about lasting godly transformation in you and your sphere of influence***

10:15 AM PRAYER ROOM KORE LIOW, MD., NEUROLOGIST AND DIRECTOR, HAWAII PACIFIC NEUROSCIENCE & MICHELLE LIOW

**Honor is the art of stewarding relationships well at home, at church, at work and in your community. It starts with building healthy relationships based on Honor.** Every day you are presented with a choice:

- Will you fight for God-honoring, fear-free connections with all those you have influence over?
- Or will you default into self-serving self-protection and participate in a relational culture of disconnection?
- This is the choice between honor and dishonor
- It flows from your heart and your core beliefs about people and about God
- **Getting your heart and identity right is the key to living and leading with honor**

# **DIVORCE CARE - A Christ-centered, biblically-based video curriculum**

10:15 AM ROOM 202 MARGE TAM

**Help, hope and healing are available to those facing the challenges of divorce and separation.** When families are shattered and God's design for marriage as a lifetime commitment is broken, the emotions and hopelessness that follow must be dealt with so healing can take place. Topics to be addressed include:

- The road to healing, finding help
- Facing anger, depression, loneliness
- Forgiveness
- Financial survival
- Kid Care
- New relationships
- Moving on, growing closer to God

Whether your relationship was recently or long ago severed, God's purpose for your life has not changed. It's time to rise above the past and **through Christ be more than a conqueror, living victoriously now and for the generations to come.**

*Milagros Escalera, previous student of Marge Tam's class, "Loving Our Kids on Purpose"*

*Prior to this class, whenever my children came up short in following through on their responsibilities, I would get angry, argue, and even jump in to solve their problems. I learned to change my approach and give them the opportunity to clean up their own mess. What a change has taken place! The natural consequence of a bad grade for an incomplete school assignment produced much better results than all my threats and arguments. Controlling myself is protecting my heart to heart connection with my children.*

*Marivic Estrala, previous student of Bob Yee's class, "A Trilogy of America's Diminishing Christian Values"*

*This class was an eye opener for me. The politics of our country is like a pendulum that sways back and forth and there are agents of suppression over our nation. The minds of people are blinded by satan and there are political leaders who are enslaved by the enemy of their souls. My trust is in God and not in big government.*

## **AN INTRODUCTION TO CHRISTIAN APOLOGETICS**

10:15 AM ROOM 203 BOB YEE

**Can you defend the Word of God? Can you give an answer to support your Faith...**why you believe that Jesus is the only way to one's salvation. Or what if you are asked a more specific question like: How can a loving God send someone to hell? Was the world really created in six literal days or in 14 billion years like scientists insistently claim? Isn't the Bible full of contradictions? Can God be proven in a court of law? We will address:

- Tough questions about God
- Tough questions about evil
- Tough questions about science
- Tough questions about Christ
- Tough questions about the Bible
- Tough questions about other faiths

**So whether you have wondered about questions on your faith for a while, or want to learn how to answer others when they have questions, this course is for you.**

# **BUILDING A FIRM FOUNDATION IN GOD**

5:00 PM ROOM 207 STEVE YOSHIMOTO

**Want to be more established in God's Word, immoveable and steadfast through all of life's situations?** This class will help you to do just that! You will learn foundational principles of:

- Your authority and identity in Jesus Christ
- Being victorious in spiritual warfare
- Financial breakthrough
- Breaking the cycle of sins in your life
- Living in an intimate relationship with God
- Walking as the child of the Most High God

**Come and learn how to build a firm foundation in God.**

*Thomas Kajiuye, previous student of Steve Yoshimoto's class, "Building A Firm Foundation In God"*

*As a result of taking this class, I began to set aside time each day for studying the Bible and for prayer. What I learned about the Holy Spirit, grace, and the fear of God were eye opening. I found answers to questions I had.*

*Tomiyo Toole, "Reaching Japan for Jesus with Emphasis on Japan's Next Generation" (Ps Chizuko Peeples)*

*I thought I already knew Japanese culture, however, did not realize what a hindrance it was to them in turning to Christ. The most effective way to prepare to minister to the Japanese is to start with those who are close to me and see their lives changed through the power of God. I learned the importance of walking with the Holy Spirit, being more like Jesus, having a close relationship with God and having a heavenly mindset to have His supernatural power working in me.*

## **REACHING JAPAN FOR JESUS WITH EMPHASIS ON JAPAN'S NEXT GENERATION**

5:00 PM ROOM 101 PS CHIZUKO PEEPLES

**This is a call to all generations, especially the youth, to cultivate a heart to reach Japan for Jesus Christ.** Japan's future is at a crossroads and you have an opportunity to impact it. **Let God give you His heart of hope and love** for the lost as you learn concerning the following:

- The desperate times currently facing Japan
- To understand Japan's unique culture
- How to effectively minister to people of all ages
- How God can use you in a powerful, supernatural way
- Your place in God's kingdom
- To ask God to give you Japan
- The window of opportunity is now – don't miss it

**God's tsunami of revival is heading towards Japan. We must be ready.** Come and learn how you can be part of God's plan.

**Edenille Santo** | “Reaching Japan for Jesus with Emphasis on Japan’s Next Generation” (Ps Chizuko Peeples)

*The most unforgettable lesson I learned is that God is supernatural and He can use me in supernatural ways. No matter how culturally prepared I am, I can never go to the mission field without the Holy Spirit. My mindset has changed. As I come before Him daily, broken and hungry, there is greater sensitivity to the Holy Spirit. In prayer, He gave me my dormitory and the nations represented in it. He opened doors I thought were impossible, providing Divine appointments to meet needs and pray for others. I am trusting Him more and more, seeing His supernatural power at work. To Jesus be all the glory.*

**Eva Yomogita** | “Building A Firm Foundation in God” (Steve Yoshimoto)

*Through this class I learned so much about God, how to have to have a closer relationship with Him and how to share my growing faith with family and friends. I am so grateful.*

 **First Assembly of God**
